

2012 BLIA Annual Meeting

President Chris Ruttger led an exceptionally interesting (and shorter than planned) annual meeting.

Revenue Summary January through December 2011

- Donations
74.1%
- Member dues
8.3%
- Runtilla 8.9%

Co-Treasurer Chris Gondeck brought good news. Increased donations & decreased expenses. Two successful strategic goals.

Guest speaker, Joe Shneider, President of the Christmas Lake Association, reported that (1) the threat of invasive species is just beginning, (2) the DNR can't protect our lakes, (3) it's up to us to protect Bay Lake and (4) attitudes and practices are beginning to change, but there is much more work to do.

*So it's essential that we continue building our financial reserve.
Please support the BLIA Environmental Fund.*
