

After a year of testing, the results are in. Finally, an affordable & effective deer repellent!

Mix 2 TBS Mongolian Fire Oil, 1 egg & 4 cups of water. (If you can't find it in a store look up House of Tsang at www.hormelfoods.com. The minimum order is 6 bottles but it's much cheaper than buying repellent and it's a long term battle.)

Treated

Thanks, Jeanne Swenson, for your recommendation!!!!
