Living Longtime BayLakers

A primary objective of this voluntary mini history project is to have fun.

It's just a list of participating "BayLakers" who have been coming for at least 50 years.

Cabins (including rental cabins) are about family (and friends) and our intent is to be inclusive, so it's open to anyone who has been coming fairly consistently for at least 50 years.

Our intention is to update the list annually. In the meantime if you're aware of someone who is listed who is no longer living, please contact ericksonpaulsue@aol.com.
